**[EPA-R05-OAR-2012-0366; FRL-9912-09-Region 5]**

**Approval and Promulgation of Air Quality Implementation Plans;  
Indiana; Particulate Matter Limitations for Coating Operations**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is approving a revision to the Indiana State Implementation Plan (SIP) under the Clean Air Act (CAA). The particulate matter (PM) rules that were submitted consist of emission control requirements for coating operations along with exemptions from certain coating operations that produce minimal PM emissions. EPA is also taking no action on one section submitted by Indiana, as it pertains to a definition in an unapproved portion of Indiana's Title V regulations. Indiana submitted this request to approve PM rules on April 27, 2012. The proposed rule published in the Federal Register on April 16, 2014.

**DATES:** This final rule is effective on [INSERT DATE 30 DAYS AFTER PUBLICATION IN THE FEDERAL REGISTER].

**ADDRESSES:** EPA has established a docket for this action under Docket ID No. EPA-R05-OAR-2012-0366. All documents in the docket are listed on the [www.regulations.gov](http://www.regulations.gov) web site. Although

**SUPPLEMENTARY INFORMATION:** Throughout this document whenever "we," "us," or "our" is used, we mean EPA. This supplementary information section is arranged as follows:

- I. What actions did EPA propose to take?
- II. What comments did we receive on the proposed SIP revision?

III. What action is EPA taking?

IV. Statutory and Executive Order Reviews.

**I. What actions did EPA propose to take?**

On April 16, 2014 (79 FR 21421), EPA proposed to approve revisions to PM rules submitted on April 27, 2012, into the Indiana SIP. These revisions add PM control requirements for coating operations. The other primary revisions provide PM limit exemptions for coating operations that produce minimal PM emissions. The remaining modifications are clerical revisions that increase the lucidity of the rules without altering the PM limits.

Article 6 of 326 IAC contains Indiana's PM rules. Article 6.5 of 326 IAC contains statewide PM emission limitations except for Lake County and Article 6.8 of 326 IAC provides the PM emission limits for Lake County sources.

Specifically, EPA proposed to approve 326 IAC 6-3-1(c), 326 IAC 6.5-1-1, 326 IAC 6.5-1-2, 326 IAC 6.5-1-5, 326 IAC 6.5-1-6, 326 IAC 6.8-1-1, 326 IAC 6.8-1-2, 326 IAC 6.8-1-5, and 326 IAC 6.8-1-6. EPA also proposed to take no action on 326 IAC 6-3-1(b). Detail on each section including EPA's analysis is found in section III of the proposed rule.

**II. What comments did we receive on the proposed SIP revision?**

EPA received no comments during the public comment period. EPA is proceeding with approving the sections and taking no action on a section as proposed on April 16, 2014 (79 FR 21421).

### **III. What action is EPA taking?**

EPA is approving revisions to PM rules Indiana submitted on April 27, 2012. Specifically, EPA is approving 326 IAC 6-3-1(c), 326 IAC 6.5-1-1, 326 IAC 6.5-1-2, 326 IAC 6.5-1-5, 326 IAC 6.5-1-6, 326 IAC 6.8-1-1, 326 IAC 6.8-1-2, 326 IAC 6.8-1-5, and 326 IAC 6.8-1-6 into the Indiana SIP. EPA is taking no action on 326 IAC 6-3-1(b).

### **IV. Statutory and Executive Order Reviews.**

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the CAA and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a "significant regulatory action" subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);

- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Public Law 104-4);
- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and
- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or

environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because the SIP is not approved to apply in Indian country located in the state, and EPA notes that it will not impose substantial direct costs on tribal governments or preempt tribal law.

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the Federal Register. A major rule cannot take effect until 60 days after it is published in the Federal Register. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by [INSERT DATE 60 DAYS FROM DATE OF PUBLICATION OF THIS DOCUMENT IN THE FEDERAL REGISTER]. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)
